

I'm With You

Music & Lyrics by Kierstyn L. Marlow

VERSE 1

Took a long look
Around at your life
Saw all of no one
To your left and your right

VERSE 2

Crowded by voices
Filling up in your mind
No one cares
And no one sees
That you've fallen behind

PRECHORUS

But I'm with you, with you
And I'm with you

CHORUS

The tide is strong and the
ocean's deep
You think you're all alone in
uncharted seas
But I've got a hold on you
Don't give up hope, you're not alone
After the flood comes a rainbow
A promised love and remedy
Cause I'm with you
And we will always make it

VERSE 3

You're going through the motions
Believing all their notions
Now you've no idea who you are
Or where your devotion lies

VERSE 4

But I'm the hand that holds you
And I will be there for you
I've seen all your struggles
And I know where your future lies

PRECHORUS

Cause I'm with you, with you
And I'm with you

CHORUS

BRIDGE

And when you've come
To a bend in the road
And life seems at its end
Renewed faith
Will be your strength
Believe in me and live

CHORUS X2
